Sniper Ghost Warrior 2 is a free to play first person shooter based on The Ghost Remains which is a well-known FPS engine in Russia, some of you may know it from ZeniMax's MMO line of games. It is set in an alternative history where a Russia/USA Cold War nuclear war never happened. The Russian scientist Doctor Zhivago is caught in the nuclear firestorm, her body disintegrated into a virus. Her son Omar goes on a quest to find out who she was and what he was before the explosion and tries to locate her remains. The protagonist, Vasyuk, is a US sniper on a revenge mission. Sniper Ghost Warrior 2 is a thrilling shooter game that challenges your strategic and tactical skills. The game is free to play, you don't need to pay anything, however there are some in-game items for purchase. The game has several gameplay modes, including regular PvE, an endless PvP mode, a PvP shootout game where players fight head-to-head, and a mode where one player hosts a PvE game for others to play in. The story is very similar to Call of Duty, the level design is very good, the graphics are good, and the game offers lots of new content. It has been praised for its intense gameplay, polished presentation, and all its gameplay features and elements have been well implemented. The only thing that might be considered an issue is
