Moacir Santos - "Moacir Santos Partituras" Tuesday, September 15, 2017

Moacir Santos, who died here 30 years ago today, had an outstanding career in Brazil's jazz and bossa nova scene. He was equally known for his passion for the music, his generosity with other musicians and his devotion to the country's political movements. For a while he played in some of the other clubs in Rio de Janeiro, including the Riganel, where Elis Regina's first recordings were made. In 1968 he moved to Paris, where he became more involved in the European improvised music movement. The middle years Moacir Santos' later recordings showed a greater concern with politics and his growing political philosophy. Although he broke with the traditional bossa nova movement, he continued to experiment with forms, relying increasingly on his trumpet. His first recording with the electric guitar and with the band Os Mutantes (
